# AIX Prospectus Rules

## PR AIX Prospectus Rules

### PR 1 (R) *Application*

PR 1.1 (G) These *Rules* are made pursuant to *Parts 1.1 to 1.9* of the *AIFC MAR Rules*.

PR 1.2 (R) This chapter applies to a *Person* who makes or intends to make an *Offer of Securities* in the *AIFC* (noting that this excludes *Units*) and/or makes or intends to make an application to have the *Securities Admitted to Trading*.

- (G) (1) By virtue of the *AIFC Law*, a *Person* making an offer of *Units* of a *Fund* is exempt from the requirements of the *AIFC Law* and the *Rules* made for the purposes of that *Part*, which deal with *Prospectuses*.
- (2) The *AIFC Law* requires a *Person* having or intending to have *Units* of a *Fund Admitted to Trading* on *AIX* to comply with the *AIFC Law* and the *Rules* made for the purposes of that *Part* in the manner and circumstances prescribed in the *Rules*. The *AIX Rules* and *AFSA Rules* contain the requirements that apply to a *Person* who applies to have, or has or had, *Units Admitted to Trading* on *AIX*.
- (3) *AIX* reserves the right to prescribe certain communications to be *Exempt Communications*. Such communications are not subject to the prohibition in the *AIFC Law* as they fall outside the definition of an “*Offer of Securities*”.
- (4) For the purposes of *Part 1.9.1 (g)* of the *AIFC MAR Rules*, *AIX* does not authorise the contents of *Prospectuses*.

### PR 2 (R) *Exempt Communications*

PR 2.1 (G) *Exempt Communications* are not *Offers of Securities* and therefore do not attract the *Prospectus* requirements in the *AIFC Law* and *Rules*.

PR 2.2 (R) For the purposes of the *AIFC Law*, in addition to the *Exempt Communications* specified in the *AIX Rules*, a communication is hereby prescribed by *AIX* as an *Exempt Communication* if it is made:

- (a) in connection with the trading of *Securities* that are listed and traded on an *AIX Market*; and
- (b) in the ordinary course of business of an *Authorised Firm* or *Recognised non-AIFC Member*.

### PR 3 *Exempt Securities*

PR 3.1 (G) An *Issuer* may make an *Offer of Securities* (admitted or sought to be admitted to the *Official List*) in the circumstances specified in *Section 1.2.2* of *Part 1 (Offer of Securities)* of the *AIFC MAR Rules* without a *Prospectus*, and in such circumstances the *Securities* being offered are deemed *Exempt Securities*.

PR 3.1-1 (R) An *Issuer* of *Exempt Securities* is required to produce *Offer Terms* or offer document, in a form acceptable to *AIX*, and make it available to the public as soon as is reasonably

practicable, and in any case, at a reasonable time in advance of, and at the latest at the beginning of, offer and/or trading on *AIX*.

- PR 3.2 (R) Where any *Securities*, which were previously *Exempt Securities*, are subsequently offered to the public, such a subsequent offer will be regarded, for the *Rules* made for the purposes of that *Part*, as a separate and new *Offer of Securities*, unless the *Securities* continue to meet one of the criteria for *Exempt Securities*.

## PR 4 Exempt Offerors

- PR 4.1 (G) Under *Section 1.2.1 (Exempt Offerors)* of *Part 1.2 (Exemptions)*, *Part 1 (Offer of Securities)* of the *AIFC MAR Rules*, *AFSA* has the authority to identify bodies, which may be exempted from the requirement to produce a *Prospectus*.

- PR4.2 (R) An *Exempt Offeror* is required to produce *Offer Terms* or offer document, in a form acceptable to *AIX*, and make it available to the public as soon as is reasonably practicable, and in any case, at a reasonable time in advance of, and at the latest at the beginning of, offer and/or trading on *AIX*.

## PR 5 (R) Prospectus Structure and Content

- PR 5.1 (G) Where the term “*Prospectus Offer*” is used in this section in reference to a *Person*, such a *Person* is making an *Offer of Securities* and seeking to have the *Securities Admitted to Trading* on *AIX*.

Where the term “*Direct Listing*” is used in this section in reference to a *Person*, such a *Person* being an *Issuer* is seeking to have the *Securities Admitted to Trading* on *AIX* without making an *Offer of Securities*.

- PR 5.2 (R)
- (1) The structure and content of the *Prospectus* must conform with the applicable guidelines and rules set out in *Part 1 (Offer of Securities)* of the *AIFC MAR Rules*, and with the following requirements (subject to the *AIX Regional Equity Market Rules* in the case of a *REM Company*, and to any other modifications specified in the *AIX Rules* for particular categories of *Person* making a *Prospectus Offer* or seeking a *Direct Listing*).
  - (2) A *Prospectus Summary* must appear at or near the beginning of the *Prospectus* and must contain information as set out in *Section 1.4 (Prospectus Summary)* of the *AIFC MAR Rules* and, where applicable, Rule *MLR 14.3*.
  - (3) Each *Prospectus* shall include on the front page in bold prominent type the following “**Astana International Exchange Ltd (AIX) and its related companies and their respective directors, officers and employees do not accept responsibility for the content of this Prospectus including the accuracy or completeness of any information or statements included in it. Liability for the Prospectus lies with the issuer of the Prospectus and other persons such as Experts whose opinions are included in the Prospectus with their consent. Nor has AIX, its directors, officers or employees assessed the suitability of the securities to which the Prospectus relates for any particular investor or type of investor. If you do not understand the contents of this Prospectus or are unsure whether the securities are suitable for your individual investment objectives and circumstances, you should consult an authorised financial advisor.**”.
  - (4) If, in accordance with *AIFC MAR Rules 1.3.3*, a *Prospectus* does not include the final offer price and/or amount of *Securities* to be offered (whether expressed in number of *Securities* or as an aggregate nominal amount), the *Person* making the

*Prospectus Offer* must also produce a pricing supplement containing those details, which must be approved by *AIX* and published as if it was a *Prospectus* for the *Prospectus Offer*, before *Admission to Trading* of the *Securities*.

- (5) Where an *Expert's* opinion, statement or report (“report”) shall be included in the *Prospectus* pursuant to the requirements of the *AIFC MAR Rules*, *AIX* may require that such report is prepared by a *Competent Person*.
- PR 5.3 (R) Where the *Person* has used the same *Registration Document* for making multiple *Prospectus Offers*:
- (a) both a *Prospectus Summary* and *Securities Note* must be produced relating to each *Prospectus Offer* made using that *Registration Document*; and
  - (b) the *Prospectus Summary*, *Registration Document* and *Securities Note* must each comply with the approval requirements specified in *Rule PR 6*.
- PR 5.4 (R) Where a *Prospectus* contains a *Registration Document* produced prior to the date of the *Prospectus Summary* and the *Securities Note*, the *Person* producing the *Prospectus* must ensure that both the *Prospectus Summary* and the *Securities Note*:
- (a) state the date of preparation of the *Registration Document*; and
  - (b) update any disclosure in the *Registration Document* to the extent necessary in order to comply with these *Rules* by setting out on the front page of the *Securities Note*:
    - (i) if relevant, the website at which any subsequent disclosure is made available; and
    - (ii) an address at which the full text of any such disclosures is made available free of charge.
- (G) (1) The above provisions are designed to provide flexibility so that *Persons* making *Prospectus Offers* can make multiple offers using the same *Registration Document*. However, care should be taken to ensure that the *Registration Document* and the *Securities Note* together provide all the information required to be contained in a *Prospectus* pursuant to the *AIFC Law* and the *Rules*.
- (2) Where the *Person* intends to make *Prospectus Offer* for *Shares* and *Depository Receipts*, *AIX* may accept a single *Prospectus* with two *Securities Notes* prepared separately for the *Shares* and the *Depository Receipts*.

### **Requirements relating to *Prospectus Offers* in or from the *AIFC***

- PR 5.5 (R) A *Person* making a *Prospectus Offer* in the *AIFC* must ensure that:
- (a) *Securities* shall only be offered to the public in the *AIFC* after prior publication of a *Prospectus* in accordance with these *Rules*; and
  - (b) all information concerning a *Prospectus Offer* disclosed in an oral or written form (even if not for advertising purposes), must be consistent with the information contained in the *Prospectus*. Advertisements or general solicitations shall state that a *Prospectus* has been published and indicate where investors are able to obtain it.
- PR 5.6 (R) A *Person* who makes a *Prospectus Offer* must:

- (a) notify *AIX* in writing of the timing of filing the *Prospectus* in any non-*AIFC* jurisdiction into which the *Prospectus Offer* is to be made; and
- (b) subject to *Rule MDR 2.1.4(12)-(14)*, comply with any initial and ongoing obligations that are applicable in the jurisdiction in (a) in relation to the *Prospectus Offer*.

## PR 6 Approval and Publication of a *Prospectus*

### Application to *AIX* for approval

- PR 6.1 (R)
- (1) The items for submission for the approval of a *Prospectus*, as well as the timescales applicable for approval, are set out in *Section 1.7 (Approval of a Prospectus by an Authorised Investment Exchange), Part 1 (Offer of Securities)* of the *AIFC MAR Rules*. The *Prospectus* must however be submitted to *AIX* for approval. A completed application form must also be submitted to the *AIX*.
  - (2) If the *Prospectus* comprises multiple documents, the application for approval must be made using the appropriate form in relation to one or more of those separate documents.
  - (3) In the case of a *Supplementary Prospectus*, the application for approval must:
    - (a) be made using the appropriate form;
    - (b) accompanied by the relevant fee as prescribed in the relevant *Notice*; and
    - (c) comply with the requirements in *Rule PR 9.1*.
  - (4) Notwithstanding (1) above, *AIX* may in its discretion determine and notify to the *Applicant* a shorter period than twenty (20) *Business Days* for the approval of the *Applicant's Prospectus*.

### Approval of a *Prospectus*

- PR 6.2 (R)
- (1) The *AIX* will only approve a *Prospectus* which has been filed with *AIX* in accordance with *Rule PR 6.1* as soon as reasonably practicable where it is satisfied that:
    - (a) the *Prospectus* meets all the applicable requirements in the *AIFC Law*, the *AFSA Rules* and the *AIX Rules*; and
    - (b) the board of *Directors* (or another body competent to decide on such matters under the *Issuer's* constitutive documents and/or applicable law) of the *Issuer*, whose *Securities* are to be offered, has approved the *Prospectus* or *Supplementary Prospectus*.
  - (2) A *Prospectus* filed with *AIX* is not an approved *Prospectus* unless *AIX* has issued to the *Applicant* a notice stating its approval:
    - (a) of the *Prospectus* or the *Supplementary Prospectus* as the case may be; and
    - (b) in the case of a *Prospectus* in (a) comprising multiple documents, of all the multiple documents.

- (3) The relevant *AIFC Law* shall apply to a decision by *AIX* not to approve a *Prospectus* under this *Rule*.
- (4) If *AIX* decides to exercise its power not to approve a *Prospectus* under this *Rule*, or to impose conditions or restrictions upon the approval of a *Prospectus* under this *Rule*, the *Applicant* may refer the matter to the *Appeals Committee* for review and thereafter to the *AIFC Court*.
- (G) (5) A *Person* intending to apply to *AIX* for approval of a *Prospectus* pursuant to *Rule PR 6.1(1)* should consider submitting a draft *Prospectus* for preliminary review by *AIX* prior to formally submitting the *Prospectus* for *AIX* approval.
- (G) (6) The formal approval of a *Prospectus* by *AIX* will not prevent the use by *AIX* of its powers in circumstances where the need for such action is subsequently identified. For example, if *AIX* becomes aware, after the approval of the *Prospectus*, that it contains any misleading or deceptive information, or it breaches the *Prospectus* provisions set out in the *AIFC MAR Rules* or these *Rules* in other respects, *AIX* may use its stop order power or take any other action as appropriate in the circumstances.

### **Publication of a *Prospectus***

- PR 6.3 (R) (1) After a *Prospectus* has been approved by *AIX*, it must be made available to the public as soon as is reasonably practicable, and in any case, at a reasonable time in advance of, and at the latest at the beginning of, the *Offer of Securities* and/or trading on *AIX*, whichever is earlier.
- (2) An approved *Prospectus* is deemed to be made available to the public for the purposes of *Rule PR 6.3(1)* when such a *Prospectus* is published in an electronic form on the website of any one or more of:
- (a) the *Issuer*; and/or
  - (c) *AIX* via *Regulatory Announcement Service*.
- (3) The content and format of the *Prospectus* made available to the public in accordance with *Rule PR 6.3(2)* must at all times be identical to the version approved by *AIX*.

### **Duration of the validity of a *Prospectus***

- PR 6.4 (R) (1) Except where an exemption under *Rule PR 3* or *PR 4* applies, the *Securities* to which a *Prospectus* relates must not be offered for subscription or sale under an approved *Prospectus* unless that *Prospectus* is a current *Prospectus*.
- (2) For the purposes of *Rule PR 6.4(1)*, an approved *Prospectus* is current only for a period of twelve (12) months from the date on which that *Prospectus* has been approved by *AIX* in accordance with *Rule PR 6.2*.
- PR 6.5 (R) (1) A financial intermediary may make an *Offer of Securities* in reliance on an approved *Prospectus* which has been produced by the *Issuer* in accordance with *Rules PR 6.1* and *6.2* only in circumstances where:

- (a) the *Prospectus* is a current *Prospectus* and meets all the relevant requirements relating to a *Prospectus* as specified in these *Rules*;
  - (b) the financial intermediary has undertaken such due diligence and care as is reasonable for such a *Person* to undertake for the purposes of ensuring that the *Prospectus* meets the requirements in (a) above; and
  - (c) the *Issuer* has given its prior written consent for the use of the *Prospectus* by the financial intermediary and that consent has been filed with *AIX* and has not been withdrawn.
- (2) Both the financial intermediary and the *Issuer* of the *Securities* incur civil liability pursuant to the *AIFC Law* for a *Prospectus* referred to in *Rule PR 6.5(1)*.
  - (3) For the purposes of this *Rule*, a “financial intermediary” is an *Authorised Firm* or a *Person* licensed and supervised by a *Financial Services Regulator* or the *AFSA*.
- (G) (4) In order to meet the obligation in *Rule PR 6.5(1)(b)*, a financial intermediary should undertake a review of the *Prospectus* to ensure that it does not contain any obvious misleading or deceptive information or omissions that would be reasonably apparent to a financial intermediary assessing and analysing the *Prospectus*.

## **PR 7 (R) Offer Documents from other Jurisdictions**

- PR 7.1 (R) (1) The *AIX* may, subject to *Rule PR 7.1(2)*, approve (as a *Prospectus*) an offer document produced under legislation in a jurisdiction other than the *AIFC* for the purposes of meeting the *Prospectus* requirements set out in the *AIFC MAR Rules* and these *Rules*, where the requirements of *AIFC MAR Rule 1.7.4* are satisfied.
- (2) The *AIX* may, subject to *Rule PR 7.1(3)*, approve an offer document referred to in *Rule PR 7.1(1)* in accordance with the requirements and procedures set out in *Rule PR 6* and, subject to such conditions or restrictions imposed by *AIX* as it sees fit.
- (3) An application for approval of an offer document produced in accordance with the legislation in a jurisdiction other than the *AIFC* must:
- (a) be made using the appropriate form;
  - (b) be accompanied by the relevant fee; and
  - (c) include:
    - (i) where the offer document referred to in *Rule PR 7.1(1)* is not in the English language, an English translation acceptable to *AIX*; and
    - (ii) a clear statement that it is an offer document prepared in accordance with the requirements applicable in the relevant jurisdiction and not in the *AIFC* or with *AIX*.
- (4) An offer document referred to in *Rule PR 7.1(1)* is an approved *Prospectus* where it has been approved by *AIX* in accordance with the requirements in the relevant *AIX Rules* and *Rule PR 6*.
- (5) The right of referral to the *AIX Appeals Committee* and to the *AIFC Court* as described in *Rule PR 6.2(4)* applies to decisions of *AIX* under this *Rule*.

- (6) A *Person* considering filing an offer document pursuant to **Rule PR 7.1** should approach *AIX* at the earliest possible time to discuss how to proceed. This is because *AIX* will undertake the assessment required under **Rule PR 7.1** on a case-by-case basis. See guidance under **Rule PR 6.2(5)** for details relating to *AIX's Prospectus* approval process.

## **PR 8 (R) Incorporation by Reference**

- PR 8.1 (R) (1) The information that may be incorporated by reference in the *Prospectus* is set out in **Section 1.3.5 (Incorporation by reference)** of **Part 1.3 (The Prospectus), Part 1 (Offer of Securities)** of the *AIFC MAR Rules*.

- (3) Where a *Supplementary Prospectus* is published, the *Prospectus Summary* must be supplemented, where necessary, to take into account the new information included in the *Supplementary Prospectus*.
- (G) Particular care should be taken so that the financial information in a *Prospectus* is not outdated.

PR 9.2 (R) Where **Rule PR 9.1** applies, any reference in these **Rules** to a **Prospectus** must be read as a reference to a **Prospectus** as amended by a **Supplementary Prospectus** unless the context requires otherwise.

## PR 10 (R) Financial Promotions

- (a) states that a **Prospectus** has been approved by **AIX** and published or is to be published; and
- (b) gives an address from which a **Prospectus** is or will be made available in the **AIFC** or provides a link to a website from which the **Prospectus** can be accessed.

- (2) *AIX* may refuse an application for admission of *Securities* to the *Official List*, if it considers that such admission of *Securities* would be detrimental to investors' interests or the *Issuer* has failed to comply with any obligation under *AIFC Law* or the *AIX Rules*.
- (3) These *AIX Markets Listing Rules* apply to every:
- (a) *Listed Entity* on the *AIX Market*; and
- (b) *Applicant* for admission of *Securities* to the *Official List* maintained by *AIX*.

- MLR 1.2 (R) Every *Applicant* for the admission of its *Securities* to the *Official List* must:
- (1) provide to:

- MLR 1.3 (R) A failure by an *Issuer* to comply with an applicable *AIFC Regulation and Rule* shall be a contravention of *AIX Rules* and *AIX* may take all such actions in relation to the contravention as are provided for under the *AIX Disciplinary Rules*.

- MLR 1.4 (G) *Issuers* are in particular directed to the requirements imposed on *Reporting Entities* by *AIFC MAR Rules* and in particular the provisions in *Part 5 (Market Abuse)* of the *AIFC MAR Rules* and the offences of insider dealing and market manipulation.
- MLR 1.5 (G) *Listed Entities* should note that some of these *AIX Markets Listing Rules* are *Security*-specific and many apply exclusively to *Issuers* of *Shares*.
- MLR 1.6 (R) The *AIX* may waive or modify one or more requirements of this chapter for the *Issuer* where appropriate provided such waiver or modification would not unduly prejudice holders of *Issuer's Securities*.
- MLR 1.7 (R) *AIX* may issue by way of separate *Notices* procedures and guidance from time to time, that will be published on the *AIX* website, to supplement these *Rules*, including in particular establishing different market segments and requirements for such segments.

## MLR 2 (R) The Listing Principles

- (2) The **Listing Principles** apply to all **Listed Entities** in addition to the Corporate Governance Principles applicable to the relevant type of **Listed Entity** as referred to in **Part 2** of the **AIFC MAR Rules** and **Schedule 3** to the **AIFC MAR Rules**.

- MLR 2.8 (R) (1) Notwithstanding the **Rules MLR 2.1** and **MLR 2.2** above, the **Corporate Governance Principles** stipulated by **Part 2** of the **AIFC MAR Rules** and **Schedule 3** to the **AIFC MAR Rules** shall apply to the **Issuers** of **Debentures**.
- (2) **AIX** in its discretion may exempt the **Issuers** of **Debentures** from compliance with **Corporate Governance Principles** stipulated by **Part 2** of the **AIFC MAR Rules** and **Schedule 3** to the **AIFC MAR Rules** if it deems appropriate to do so.

The audited financial statements must either be not older than:

- (a) 18 months as at the expected date of listing if the **Issuer** includes audited interim financial statements in the application; or
- (b) 15 months as at the expected date of listing if the **Issuer** includes unaudited interim financial statements in the application;

- (5) have been audited and reported on by independent, competent and qualified auditors in accordance with auditing standards of the International Auditing and Assurance Standards Board (IAASB) or other standards acceptable to **AFSA**.

- MLR 4.2 (G) (1) The *AIX* may modify or waive **Rule MLR 4.1** if it is satisfied that it is desirable in the interests of investors and that investors have the necessary information available to arrive at an informed judgement about the *Issuer* and the *Securities* for which a listing is sought.
- (2) The *AIX* may accept a shorter period than three (3) years, in case of *Equity Securities*, or two (2) years, in case of *non-Equity Securities*, depending on the nature of the *Applicant's* business and any other material considerations, for example, where the *Issuer* has been in operation for less than a respective period.
- (3) In the case of *non-Equity Securities*, where the *Applicant* does not have audited financial statements meeting the requirements of **Rule MLR 4.1**, *AIX* may, at its discretion, allow the *Applicant* to submit a guarantee provided by a third party, where such guarantor is a legal entity and, in *AIX's* opinion, meets the requirements of **Rule MLR 4.1** applicable to an *Applicant*.

## MLR 5 (R) General Suitability

- MLR 5.1 (R) An *Applicant* must demonstrate to *AIX's* satisfaction that it and its business are suitable for listing.

- (1) the *Applicant's* connection with its controlling shareholders or any other *Person*;
- (2) any matter in relation to the *Applicant*, its business or *Securities* which may harm the integrity or the reputation of the *AIFC* capital markets or which may pose a risk to *AIX's* operational and business objectives; and

- MLR 5.3 (G) *AIX* retains the right to admit cash shells to the **Official List** and for trading.

## MLR 7 (R) Controlling Shareholder

- MLR 7.1 (R) (1) Subject to **Rule MLR 7.1(2)**, for *Equity Securities* to be **Admitted** to the **Official List**, an *Applicant*, which has one or more controlling shareholders must be able to demonstrate to *AIX* that it can operate its business independently of such controlling shareholder and any *Associate* thereof.
- (2) The requirement in **Rule MLR 7.1(1)** does not apply if an *Applicant* can demonstrate to *AIX's* satisfaction that holders of the *Issuer's Equity Securities*

would have no appreciable risk of prejudice by the involvement in the relevant business of a controlling shareholder.

- (3) For the purposes of this **Rule MLR 7**, a controlling shareholder is any **Person**, or **Persons** acting jointly by agreement, whether formal or otherwise, who is:
- (a) entitled to exercise, or control the exercise of, 30 per cent or more of the voting rights at a general meeting of the **Applicant**; or
  - (b) able to control the appointment of one or more **Directors** who are able to exercise a majority of the votes at board meetings of the **Applicant**.
- (G) The **AIX** considers that for an **Applicant** to operate its business independently of a controlling shareholder all transactions and relationships between the **Listed Entity** and any controlling shareholder (or **Associate**) must be at arm's length and on normal commercial terms.

## **MLR 8 (R) Conflicts of Interest**

- MLR 8.1 (R) (1) An **Applicant** must, subject to **Rule MLR 8.1(2)**, ensure prior to listing of **Equity Securities** or **Debentures** (other than those that are **Exempt Securities**) that it has adequate systems and controls to eliminate or manage material conflicts of interest in its business and to ensure good corporate governance.
- (2) The **AIX** may accept a proposal from an **Applicant** to eliminate or manage conflicts of interest within a reasonable period after listing if the **Applicant** can demonstrate to **AIX's** satisfaction that holders of the **Issuer's Equity Securities** would not be unduly prejudiced by the arrangements.
- MLR 8.2 (G) Examples of material conflicts of interest may include **Related Party Transactions** and situations in which interested **Persons**:
- (1) lend to or borrow from the **Issuer** or its **Group**;
  - (2) lease property to or from the **Issuer** or its **Group**; or
  - (3) have an interest in businesses that are competitors, suppliers or customers of the **Issuer** or its **Group**.

## **MLR 9 (R) Validity and Transferability**

- MLR 9.1 (R) To be **Admitted** to the **Official List**, an **Applicant's Securities** must:

  - (2) have any necessary statutory or other consents;
  - (3) be freely transferable; and

- (4) in the case of *Shares*, be fully paid and free from any liens and from any restrictions on the right of transfer.

MLR 9.2 (G) The *AIX* may request from an *Applicant* to provide the opinion issued by independent third party to confirm the requirements set out in *Rule MLR 9.1*.

MLR 9.3 (R) The *AIX* may, in exceptional circumstances, waive or modify *Rule MLR 9.1* where the *Applicant* has the power to disapprove the transfer of *Shares*, if *AIX* is satisfied that this power would not disturb the market in those *Shares*.

## MLR 10 (R) Market Capitalisation

MLR 10.1 (R) An *Applicant* must ensure that the *Securities*, which it seeks to list have an expected *Aggregate Market Value* on *AIX* at the time of listing of at least:

- (1) US\$1,000,000 of *Equity Securities* for *AIX*; and
- (2) US\$500,000 of *Debentures*, or *Debt*, for an *AIX* listing.

## MLR 11 (R) Shares in Public Hands

- MLR 11.1 (R)
- (1) If an application is made for the admission of a *Class* of *Shares*, a sufficient number of *Shares* of that *Class* must, no later than the time of admission, be distributed to the public.
  - (2) For the purposes of (1), a sufficient number of *Shares* will be taken to have been distributed to the public when at least 10 per cent of the *Shares* for which application for admission has been made are in public hands. However, *AIX* reserves the right to decrease this minimum amount, should it decide in its discretion to do so.
  - (3) For the purposes of *Rules MLR 11.1(1)* and (2), *Shares* are not held in public hands if they are held, directly or indirectly by:
    - (a) a *Director* of the *Applicant* or of any of its subsidiary undertakings;

    - (e) any *Person* or *Persons* in the same group or *Persons* acting in concert who have an interest in 5 per cent or more of the *Shares* of the relevant *Class*; or
    - (f) if they are subject to a lock up period of more than one hundred and eighty (180) calendar days.

MLR 11.2 (R) The *AIX* may waive or modify **Rule MLR 11.1(2)** to accept a percentage lower than 10 per cent if it considers that the market will operate properly with a lower percentage in view of additional factors. Such additional factors might permit, for example, a lower percentage than 10 per cent for a company with a large market capitalisation with a large number of *Shares* of the same *Class* listed and where such *Shares* would nonetheless expect to have a wide distribution to the public and be liquid.

MLR 11.3 (G) For the purposes of **Rule MLR 11** the term *Share* includes the term *Certificate* over *Share*.

## MLR 12 (R) Whole Class to be Listed

MLR 12.1 (R) An application for a *Class* of *Securities* to be admitted to the *Official List* must:

- (1) if no *Securities* of that *Class* are already admitted to the *Official List*, relate to all *Securities* of that *Class*, issued or proposed to be issued; or
- (2) if *Securities* of that *Class* are already admitted to the *Official List*, relate to all further *Securities* of that *Class*, issued or proposed to be issued.

## MLR 13 (R) Settlement

- (3) **Rule MLR 6 (Management Fitness and Propriety)**; and
- (4) **Rule MLR 11 (Shares in Public Hands)**.

MLR 14.2 (R) *AIX* can be satisfied that an *Applicant* with a *Primary Listing* on an *Equivalent Regulated Exchange* meets the listing requirements under **Rule MLR 5 (General Suitability)**, **Rule MLR 7 (Controlling Shareholder)**, **Rule MLR 8 (Conflicts of Interest)**, **Rule MLR 9 (Validity and Transferability)**, and **Rule MLR 10 (Market**

**Capitalisation**) if the **Applicant** demonstrates to **AIX** that it has complied with the equivalent listing requirements of an **Equivalent Regulated Exchange** as evidenced by the documents submitted by the **Applicant** as part of the listing process on such **Equivalent Regulated Exchange** and reasonably acceptable to **AIX**.

## MLR 16 (R) **Depository Receipts**

- MLR 16.1 (R) A **Listed Entity** in respect of **Certificates**, which are **Depository Receipts**, must ensure that:
- (1) at the time of issue of such **Certificates** the payments received from the issue of the **Depository Receipts** are sufficient to meet the payments required for the issuance of the underlying **Securities**; and
- (2) the underlying **Securities** or any rights, monies or benefits related to the underlying **Securities** are not treated as assets or liabilities of the **Issuer** of the **Certificates** under the law, whether for the purposes of insolvency or otherwise.

If you do not understand the contents of this document or are unsure whether the securities are suitable for your individual investment objectives and circumstances, you should consult an authorised financial advisor.

**AIX** will not guarantee that these **Debentures** will be included into the **Official List** maintained by **AIX**. **AIX** reserves its right to grant admission of **Debentures** to the **Official List** maintained by **AIX** only where it is satisfied that such admission is in accordance with the **AIX Markets Listing Rules**”.

**AIX** relies on self-compliance and does not carry out a detailed review of the offer document.

**AIX will not guarantee that these Debentures will be included into the Official List maintained by AIX. AIX reserves its right to grant admission of Debentures to the Official List maintained by AIX and trading on AIX only where it is satisfied that such admission is in accordance with the AIX Markets Listing Rules and AIX Admission and Disclosure Standards”.**

*AIX* relies on self-compliance and does not carry out a detailed review of the offer document.

MLR 16-2.4 (R) An offer document must be made available to *Professional Clients* as soon as is reasonably practicable, and in any case, at a reasonable time in advance of, and at the latest at the beginning of, offer and/or trading of *Commercial Papers* on *AIX*.

(2) a separate *Application* being made for *Admission to Trading* of each tranche of the *Commercial Papers*, including the static data and a copy of the final *Offer Terms* in respect of such tranche, and otherwise consistent with the *Application* for approval of the *Securities Issuance Programme*.

The approval of the *Securities Issuance Programme* by *AIX* will not prevent the use by *AIX* of its powers in circumstances where the need for such action is subsequently identified. *AIX* may use its stop order power or take any other action as appropriate in the circumstances.

MLR 16-2.7 (G) Provided that all the documents required by *AIX Markets Listing Rules* and *AIX Admission and Disclosure Standards* are complete and received on time, the *AIX* would generally expect to process an application for approval of the *Securities Issuance Programme* within two (2) weeks, and an application for *Admission to Trading* of each tranche of the *Commercial Papers* within three (3) business days.

## **MLR 16-3 (R) *Structured Products***

MLR 16-3.1 (G) *Issuers* of *Structured Products* are not expected to comply with the *Corporate Governance Principles* specified in *Section 2.1(1)(a)* of *Part 2.1 (Application)* and *Part 2.2.9 (Annual reporting on compliance)* of the *AIFC MAR Rules*.

MLR 16-3.2 (R) The requirement in *Rule MLR 4.1(1)* in part related to the historic period to be covered by the audit financials statements shall not apply to an *Issuer* of *Structured Products*, where the *Issuer* has been in operation for less than a respective period prescribed by *Rule MLR 4.1(1)*.

MLR 16-3.3 (R) **Structured Products** will not be **Admitted** to the **Official List** unless **AIX** is satisfied that:

- (i) An **Issuer** established and maintains adequate and appropriate procedures, which must be disclosed in the **Prospectus**, **Offer Terms** or other offer document in respect of the **Structured Products**, to enable the **Issuer** or its agent to calculate and publish a net asset value, book value, or other indicative value per **Structured Product** on daily basis (or as otherwise determined by **AIX**), unless **AIX** determines that this is not necessary for the particular type of the **Structured Product**. **Structured Product**'s value must be made available to all market participants at the same time. In the event that the calculation and publication of a **Structured Product**'s value is not being made on the required basis, **AIX** will suspend **Trading** in the affected **Structured Product** until publication of the **Structured Product**'s value.
- (G) An **Issuer** finding it necessary to revise a previously published **Structured Product**'s value must first contact **AIX** to discuss the materiality of the revision prior to publication of the revised **Structured Product**'s value. Generally, a correction that changes the previously published **Structured Product**'s value by more than 1 per cent will be considered material and **AIX** will require the **Issuer** to make a market disclosure via **Regulatory Announcement Service** stating the corrected **Structured Product**'s value.
- (ii) Where the value of **Structured Product** is determined by reference to an underlying benchmark or index provided by a **Price Information Provider**, an Issuer must take reasonable steps to establish and maintain adequate and appropriate procedures and controls to enable it to verify that such **Price Information Provider** on an on-going basis meets requirements set out in the **AIFC AMI Rules**.
- (iii) Where the value of **Structured Product** is not based on readily available public information in relation to the underlying factor or where **AIX** determines that it is necessary in the interests of investors to enable them to arrive at an informed judgement about the **Structured Product**, the **Issuer** shall appoint an independent **Authorised Firm** as calculation agent and/or trustee to verify calculations of the **Structured Product**'s value.

- (5) The right to appeal to the *Appeals Committee* and to the *AIFC Court* applies to decisions of *AIX* regarding the determination of applications.

## MLR 19 (R) Suspending, Delisting and Restoring a Listing

MLR 19.1 (R) *AIX* may suspend without prior notification of the *Issuer* or delist *Securities* from the *Official List* with immediate effect or from such date and time as may be specified where it is satisfied that there are circumstances that warrant such action or it is in the interests of *AIX* and *Investors*.

MLR 19.2 (G) Examples of circumstances that warrant the suspension by *AIX* of *Securities* from the *Official List* include, but are not limited to:

- (1) the *Listed Entity* has failed to meet its continuing obligations for listing;
- (2) the *Listed Entity* has failed to publish financial information in accordance with the *AIX Rules*;
- (3) the *Listed Entity* is unable to assess accurately its financial position and inform the market accordingly;
- (4) there is insufficient publicly-available information in the market about a proposed transaction which involves the *Listed Entity* or the relevant *Securities*;
- (5) the *Listed Entity's Securities* have been suspended elsewhere;
- (6) the *Listed Entity* has appointed administrators or receivers, or is an investment trust or fund and is winding up;
- (7) the relevant *Securities* are a securitised *Derivative* and any underlying instrument is suspended;
- (8) for a *Derivative* which carries a right to buy or subscribe for another *Security*, the *Security* over which the *Derivative* carries a right to buy or subscribe has been suspended; or

(9) *AIX* considers it is in the interests of the *AIFC* and *AIX*, including the interests of investors, potential investors or the *AIFC* capital markets.

MLR 19.3 (R) A *Listed Entity*, which has had the listing of any of its *Securities* suspended, must continue to comply with all relevant *AIX Markets Listing Rules* applicable to it.

MLR 19.4 (R) If *AIX* suspends the listing of any *Securities*, it may impose such requirements on the procedure for lifting the suspension as it considers appropriate.

## MLR 19.5 (R) Suspension or delisting at the *Listed Entity's* request

MLR 19.5.1 (R) If a *Listed Entity* wishes to have its *Listed Securities* suspended or delisted from the *Official List*, it must submit a request in writing to *AIX* and include:

- (1) the reasons for the request;
- (2) the date and time on which the suspension or delisting is to take place; and
- (3) any other information regarding the *Securities* or the circumstances of the suspension or delisting which *AIX* requires.

*AIX* will not suspend the *Listed Securities*, if it is not satisfied that the circumstances justify the suspension.

MLR 19.5.2 (R) *AIX* may impose such conditions or requirements as it considers appropriate on the suspension or delisting in *Rule MLR 19.5.1*.

- MLR 19.5.3 (G)
- (1) A *Listed Entity* requesting delisting should submit such request in reasonable time for *AIX* to consider the request and satisfy *AIX* that a delisting would be appropriate.
  - (2) Examples of other information which *AIX* may require pursuant to *Rule MLR 19.5.1* include proof of shareholder resolution if required, and evidence of any announcement, circular or other document which the *Listed Entity* is relying on as part of its request to suspend or delist its listing.
  - (3) A *Listed Entity* requesting cancellation of its listing should provide existing *Security Holders* with sufficient notice prior to the cancellation date in order to provide them with an opportunity to sell their *Securities*.
  - (4) An example of the type of condition *AIX* may impose pursuant to *Rule MLR 19.5.2* is the imposition of a time limit for the suspension.

## MLR 19.6 (R) Restoration of a listing

MLR 19.6.1 (R) *AIX* may restore the listing of any *Securities*, which have been suspended if it considers that:

- (1) the smooth operation of the market is no longer compromised; or
- (2) where relevant, the suspension is no longer required to protect investors;
- (3) the relevant request of the *Listed Entity* to restore the listing of its *Securities* is reasonable and supported by necessary data and documents.

MLR 19.6.2 (R) *AIX* may restore the listing of any *Securities* which have been suspended, whether the restoration was requested by the relevant *Listed Entity* or at *AIX's* own initiative.

## MLR 19.7 (R) **Delisting *Securities* from the *Official List***

MLR 19.7.1 (R) The circumstances, which may warrant the delisting of *Securities* by *AIX*, include, but are not limited to, where:

- (1) the *Securities* are no longer *Admitted to Trading* as required by *AIX Rules*;
- (2) the *Listed Entity* no longer satisfies one or more of its continuing obligations for listing;
- (3) the *Securities* have been suspended from the *Official List* for more than six (6) months;
- (4) it is necessary because the *Securities* have been subject to a merger, *Takeover* or reverse takeover;
- (5) the listing is a secondary listing and the *Securities* have been cancelled on their primary listing or no longer trade on such primary listing;
- (6) it is in the interests of *AIX*, including the interests of investors, potential investors or the *AIFC* capital markets; or
- (7) the *Securities* have been redeemed or cease to exist for any other reason.

MLR 19.7.2 (G) In *Rule MLR 19.7.1*, an example of a breach of the continuing obligations, which may require a delisting by *AIX* would be where the percentage of *Shares* or *Certificates* over *Shares* in public hands falls below 10 per cent or a lower percentage permitted by *AIX*. *AIX* may, however, allow a reasonable time to restore the required percentage unless this is precluded by the need to maintain the smooth operation of the market or to protect investors.

(b) the *REM Company* shall be required to comply with all of the *AIX Prospectus Rules* and the *AIFC MAR Rules* that apply to *Issuers* when preparing the *Prospectus* for the new offer of *Shares*; and

# Supplement to Markets Listing Rules. Chapter for Pre-IPO Listings

### PRE 1 (R) *Pre-IPO Listings*

PRE 1.1 (R) These *Rules PRE* complement *AIFC Rules for Pre-IPO Listings*. An *Issuer* may apply to list its *Shares* on the *AIX Market* and have admission of such *Shares* to the *Official List* maintained by *AIX* if the following eligibility criteria are met:

- (3) the *Issuer* (on a consolidated basis, if consolidation applies under *IFRS*) as evidenced by the most recent available audited *IFRS* financial statements of the *Issuer* (or of any subsidiary (direct or indirect) of the *Issuer*) has total assets in excess of USD 50 million and/or total annual revenues in excess of USD 50 million (or its equivalent in another currency using the applicable exchange rates officially published by the National Bank of the Republic of Kazakhstan as of the date of such financial statements);

PRE 1.4 (R) (1) Following the *Pre-IPO Listing*, if *Shares* have not been *Admitted to Trading* on the *AIX Market* as contemplated by *Rule PRE 1.1(4)*: within sixty (60) calendar days before the second anniversary of such listing and anytime thereafter as *AIX* may request, the *Issuer* shall certify to *AIX* in writing (on a confidential basis) its current prospects that it will carry out an initial public offering in the next twelve (12) months or within other reasonable period (and such certification shall set out the steps that the *Issuer* has taken and plans to take to prepare for such offering, including any risks that have realised since the listing date that affected timing of the initial plans);

(2) In respect of a *Pre-IPO Listing*, in circumstances where the *Shares* of the *Issuer* (or the *Shares* of a corporate parent or subsidiary (direct or indirect) of the *Issuer*) have not been *Admitted to Trading* on the *AIX Market* as contemplated by *Rule PRE 1.1(4)* by the second anniversary of such listing, *AIX*: (a) may agree or allow such listing to continue for twelve (12) months or another period as *AIX* may determine, or (b) so long as such circumstance continues upon ninety (90) calendar days' notice to the *Issuer*, delist the *Shares* of the *Issuer* from the *Official List* on the basis that no such *Admission* has occurred. Once the *Shares* of the *Issuer* have been delisted from the *Official List* under the sub-heading "*Pre-IPO Listings*", the *Issuer* (or a legal entity whose assets substantially consist of or are derived from such *Issuer's* assets) shall not be eligible for any further *Pre-IPO Listing*, unless *AIX* in its discretion determines otherwise.

PRE 1.5 (G) For the purposes of *Rules PRE* the term *Share* includes the term *Certificate* over *Share*.

# AIX Admissions and Disclosure Standards for Issuers

# ADS AIX Admissions and Disclosure Standards for Issuers

## ADS 1 (R) The Admission and Disclosure Standards

- ADS 1.1 (G) This document sets out the rules and responsibilities regarding the *Admission to Trading* on the *AIX Market* and certain ongoing obligations of *Issuers* whose *Securities* are *Admitted to Trading* on the *AIX Market*.
- ADS 1.2 (G) These *Rules* are made pursuant to *Section 3.2* of the *AIFC AMI Rules* on admission of *Securities* and *Environmental Instruments* to trading, including in particular *Rules 3.2.4 (Review of compliance)* and *3.2.5 (Verification of compliance by issuers with Market Rules)*.
- ADS 1.3 (R) *Applicants* for *Admission to Trading* according to *Rule 3.2.3* of the *AIFC AMI Rules* must provide an enforceable undertaking to *AFSA* in the terms set out in that *Rule*.
- ADS 1.4 (G) A two-stage *Admission* process will apply to *Issuers* who want to have their *Securities Admitted to Trading*, which will involve admission to the *Official List* (including *Prospectus* approval, where applicable) by *AIX* and *Admission to Trading* by *AIX*. Therefore, these *Rules* should be read in conjunction with the other *AIX Rules*, the *AIFC* and *AFSA Rules* and the relevant *AIFC Laws*.
- ADS 1.5 (G) An *Applicant* applies for *Admission* of *Environmental Instruments* to trading on *AIX* without such *Financial Instruments* being admitted to the *Official List*.
- ADS 1.6 (G) All *Securities* that are *Admitted to Official List* are admitted to public trades on *AIX* through open trades method.

## ADS 2 (R) Application and Objectives

- ADS 2.1 (R) These *Rules* form part of the *AIX Rules* and apply to *Issuers* and *Applicants*.
- (G) It is vital that compliance with the *Rules* is enforced for the benefit of all *Market Participants* and the *AIX Market* as a whole. When a breach of these *Rules* is detected, action will be taken on a timely basis. The procedures relating to disciplinary and appeals matters are set out in further detail in the *AIX Disciplinary Committee Rules (DCR)*.
- ADS 2.2 (R) Any *Issuer* of *Green Bonds* as defined in *Rule GRN 2* must, in relation to disclosures required by these *AIX Admission and Disclosure Standards*, comply with the *AIX Green Bonds Rules*.
- ADS 2.3 (G) These *Rules* are designed to facilitate a liquid *AIX Market*, to protect the interests of *Issuers* and investors, and to protect the integrity of the *AIX Market* and the *AIFC* community. The objectives are to:

- (1) ensure an internationally competitive and accessible *AIX Market*;
- (2) maintain a fair, orderly and transparent *AIX Market*;
- (3) provide a robust and liquid *AIX Market* for *Issuers*, investors, the *AIFC*, Kazakhstan, and the wider region and the international financial community;
- (4) follow international standards for trading *Securities* and *Environmental Instruments*;
- (5) minimise any overlap with *AIFC Rules* and *Regulations*; and
- (6) enable *AIX* to enforce these *Rules* in a fair and transparent manner.

ADS 2.4 (G) *Issuers* and *Applicants* applying for *Admission* are encouraged to approach *AIX* at the earliest possible stage. *AIX* will maintain the confidentiality of communications with *Issuers*, *Applicants* and related advisers throughout the *Admission* process. *Issuers* and *Applicants* are also required to identify at least one contact (*Director* or senior *Employee*) within their organisation that will be responsible for ongoing communications with *AIX* as the primary day to day contact. The contact must be fully conversant with the *Issuer's* and/or *Applicant's* responsibilities under the *AIX Rules* and the *AIFC's Rules and Regulations*. Where an *Issuer* or *Applicant* appoints an adviser, that adviser may be an additional contact. Contact(s) need to be able to respond to requests from *AIX* and be available, especially before the *AIX Market* opens and during *AIX Market* hours, to resolve any issues that may impact on the *AIX Market's* orderly operation. Contact details are part of the *Application* and *Issuers* or *Applicants* must notify *AIX* in writing, of any changes thereafter.

### **ADS 7.5 (R) Takeovers**

ADS 7.5.1 (R) In the event of a merger or a **Takeover** of the **Issuer**, which results in the **Securities** of the **Issuer** no longer being eligible to maintain an **Admission to Trading**, the **Issuer** must contact *AIX* to agree on a timetable for the removal of the **Securities**.

### **ADS 7.6 (R) Disciplinary proceedings and appeals**

# AIX Market Disclosure Rules

## MDR AIX Market Disclosure Rules

### MDR 1 (R) Application

- MDR 1.1 (G) These **Rules** are made pursuant to **Section 2.8 of the AIFC AMI Rules** and provide support for **Part 5** and **Part 6** of the **AIFC MAR Rules**.
- MDR 1.2 (R) These **Rules** apply to every **Reporting Entity** (subject to **Rule LFR 1.3** in the case of a **Listed Fund**).
- MDR 1.3 (R) The requirements in this section do not apply to a **Reporting Entity** if the relevant market disclosure has already been made in relation to the **Securities** either by another **Person** or in relation to other **Securities**.
- MDR 1.4 (G) The **Rules** in **Rule MDR 2** below (**Disclosure of Inside Information**) support and do not replace the **Rules** in **Sections 6.1** and **6.2** of the **AIFC MAR Rules** (**Public disclosure of Inside Information** and **Insider lists**). **Reporting Entities** are required to comply with both the **Rules** in **Rule MDR 2** below and **Sections 6.1** and **6.2** of the **AIFC MAR Rules**.
- MDR 1.5 (G) (1) This chapter sets out the obligations of **Reporting Entities** to disclose and control information in order to protect actual and potential investors and to maintain a fair, informed and orderly market in **Securities**. This chapter also sets out the limited circumstances under which a **Reporting Entity** may selectively disclose **Inside Information**, delay public disclosure and control access to such information in order to limit the potential market abuse.
- (2) **AIX** recognises the importance to the market of accurate, up-to-date information about **Reporting Entities**. **Reporting Entities** are therefore required to disseminate **Inside Information** as soon as possible. Where these obligations are not met and **AIX** considers it appropriate, **AIX** may seek one or more sanctions.
- MDR 1.6 (R) A **Reporting Entity** that fails to comply with any applicable provisions in **AIFC MAR Rules 5** and **6** is to be treated as failing to comply with these **Rules** and hence may be subject to disciplinary or other action by **AIX** in accordance with **DCR**.

### MDR 2 (R) Disclosure of *Inside Information*

#### MDR 2.1 (R) Timely disclosure

- MDR 2.1.1 (R) A **Reporting Entity** must make timely public disclosure of **Inside Information** in accordance with the requirements in this section.
- MDR 2.1.2 (R) A **Reporting Entity** must ensure that the disclosure it makes pursuant to **Rule MDR 2.1.1** is not misleading, false or deceptive and does not omit anything likely to affect the import of the information.
- MDR 2.1.3 (R) For the purposes of complying with the requirement in **Rule MDR 2.1.1**, the **Reporting Entity** must, subject to **Rule MDR 2.3** and **2.4**, make disclosure as soon as possible and in the manner specified in **Rule MDR 7**.
- MDR 2.1.4 (G) (1) A **Reporting Entity** is required to publicly disclose **Inside Information** as soon as possible. In practice, a short period before announcing **Inside Information** is permitted where a **Reporting Entity** is affected by an unexpected event and the

**Reporting Entity** needs to clarify the situation or take legal advice so that any information released is accurate and not misleading. Any delay should be limited to a period no longer than is reasonably necessary in the circumstances. Where there is a danger of the information leaking out in the meantime, the **Reporting Entity** should make a holding announcement giving an outline of the subject matter of the announcement, the reasons why a full announcement cannot yet be made and undertaking to make a full announcement as soon as possible.

- (2) For the disclosure to be not misleading, false or deceptive, a **Reporting Entity** should provide information that is accurate, factual and complete. Any incomplete or inaccurate information, such as omission of relevant information, would be misleading or deceptive. Information should be provided in an easy to understand manner and not for promotional purposes. The use of imprecise and confusing language such as ‘double digit’ or ‘in excess of last year’ should be avoided as it does not allow investors to properly assess the information for the purpose of making an informed decision relating to the relevant **Securities**.
- (3) Where a **Reporting Entity** realises that it has or may have breached its continuous disclosure obligations, it should contact **AIX** to discuss the matter and seek guidance on remedying the situation and on taking steps to ensure that similar breaches are prevented from recurring.
- (4) A confidentiality agreement should not prevent an entity from complying with its obligations relating to the disclosure of **Inside Information**.
- (5) If, for any reason, a **Reporting Entity** is unable, or unwilling to make a holding announcement it may be appropriate for the **Reporting Entity** to file a report pursuant to **Rule MDR 2.5** and for the trading of its **Securities** to be suspended until the **Issuer** is in a position to make an announcement.
- (6) Identifying **Inside Information**

**Inside Information** is defined in **AIFC MAR Rules 5.2**.

#### Financial forecasts and expectations

- (7) Where a **Reporting Entity** makes a market announcement, which includes a profit or revenue forecast, such forecasts become, as soon as made, factored into the market pricing of the relevant **Securities**. If the **Reporting Entity** becomes aware that there is likely to be a material difference between the forecast and the true outcome, the **Reporting Entity** should make an announcement correcting the forecast as soon as possible so that the market pricing reflects the accurate position.
- (8) In relation to financial forecasts published by a **Reporting Entity**, **AIX** considers that circumstances giving rise to a variation from the previous one should generally be considered **Inside Information** and should be disclosed by the **Reporting Entity** as soon as possible. Even where a **Reporting Entity** has not made a previous forecast, circumstances giving rise to a variation of profit or revenue from the previous corresponding reporting period should be disclosed where such circumstances would have a significant effect on the price of relevant **Securities**. Generally, a change of 10 per cent or more is a material change, but in some circumstances, a smaller variation may also be disclosable if it would reasonably be considered to have a significant effect on the price of the relevant **Securities**.

- (9) In making such disclosure, the **Reporting Entity** should provide clear details of the extent of the variation. For example, a **Reporting Entity** may indicate that, based on management accounts, its expected net profit will be an approximate amount (e.g. approximately US\$15 million) or alternatively within a stated range (e.g. between US\$14m and US\$16m). Alternatively, a **Reporting Entity** may indicate an approximate percentage movement (e.g. up or down by 35 per cent).

Relationship between continuous disclosure and periodic disclosures

- (10) Periodic disclosures by **Reporting Entities** are required in a number of circumstances, and examples can include semi-annual and annual reports and financial statements, prospectuses, bidder's statements and target's statements.
- (11) In the course of preparing these disclosure documents, **Reporting Entities** may become aware of **Inside Information** which was previously insufficiently precise to warrant disclosure. In such circumstances, a **Reporting Entity** should not defer releasing that information until the periodic disclosure or other document is finalised. In such circumstances, a **Reporting Entity** is expected to make an announcement containing the **Inside Information** as soon as possible.

Concurrent disclosure on AIX and other **Regulated Exchanges**

- (12) **Reporting Entities** with **Securities** of a *different Class* admitted to trading on other **Regulated Exchange** should ensure that the release of announcements containing **Inside Information** is co-ordinated across jurisdictions and made to such **Regulated Exchange** and **AIX** at the same time.

**Reporting Entities** with **Securities** of the *same Class* admitted to trading in other **Regulated Exchange** must announce to **AIX** any information released to such **Regulated Exchange** at the same time as the information is released to that other **Regulated Exchange**. If the requirements of the other **Regulated Exchange** for disclosure are stricter than in the **AIFC** and **AIX**, the **Reporting Entity** must ensure that the same information is released in **AIX** and **AIFC** as in that other **Regulated Exchange**.

- (R) (13) If a **Reporting Entity** that has its **Securities** of the same *Class* admitted to trading on an **Equivalent Regulated Exchange** as a **Primary Listing** complies with the corresponding requirements of market disclosure rules and regulations in the jurisdiction of such **Equivalent Regulated Exchange**, it will not be required to make any additional disclosure under these **AIX Market Disclosure Rules** beyond those disclosures such **Reporting Entity** makes in the jurisdiction of such **Equivalent Regulated Exchange**, provided that the same information is released on **AIX** at the same time as in that other jurisdiction, subject to **Rule MDR 7** in relation to the manner of market disclosure and **Rule BRG 6.1** in relation to the use of the English language. Notwithstanding that, **AIX**, in its reasonable discretion, may require the **Reporting Entity** to make additional disclosures when necessary to protect the interests of investors or for other lawful purposes.

If a **Reporting Entity** is in breach of the requirements of, or is released from, disclosure obligations (as a result of delisting or otherwise) under, market disclosure rules and regulations in the jurisdiction of the relevant **Equivalent Regulated Exchange**, the **Reporting Entity** must comply with all relevant market disclosure rules set in the **AIFC MAR Rules** and these **AIX Rules**.

- (R) (14) **Reporting Entities** must not delay an announcement in the **AIFC** in order to wait for a market to open in another jurisdiction, subject to the following provisions of this **Rule MDR 2.1.4(14)**.

When *AIX* is a *Secondary Exchange* and the *AIX Market* opens earlier than the *Primary Exchange*, the *Reporting Entity* must inform *AIX* of the proposed time of the upcoming disclosure of the *Price Sensitive Information* before the *AIX Market* opens. *AIX* shall not disclose such information earlier than the time advised for its release to the *Primary Exchange*, and may consider whether to suspend trading of the *Securities* of the *Reporting Entity* until such release.

If the *Reporting Entity* is required to notify information to *AIX* at a time when *AIX* is not open for business, it must distribute the information as soon as possible to *AIX* for release as soon as it opens.

## MDR 2.2 (R) Delaying disclosure

A *Reporting Entity* may delay market disclosure of *Inside Information* so as not to prejudice its legitimate interests provided that:

- (a) the conditions of *AIFC MAR Rules 6.1.3* are met; and
- (b) if the information is to be selectively disclosed to a *Person* prior to market disclosure, disclosure is made in accordance with the requirements in *Rule MDR 2.3*.

## MDR 2.3 (R) Selective disclosure

MDR 2.3.1 (R) For the purposes of *Rule MDR 2.2(b)*, a *Reporting Entity* may selectively disclose *Inside Information* to a *Person* prior to making market disclosure of such information only if:

- (a) it is for the purposes of the exercise by such a *Person* of his/her employment, profession or duties;
- (b) that *Person* owes to the *Reporting Entity* a duty of confidentiality, whether based on law, contract or otherwise; and
- (c) the *Reporting Entity* has provided to that *Person*, except where that *Person* is an authorised representative of *AIX* or the *AFSA*, a written notice as specified in *Rule MDR 2.3.3*.

MDR 2.3.2 (R) For the purposes of *Rule MDR 2.3.1(a)*, the *Persons* whose exercise of employment, profession or duties may warrant selective disclosure are as follows:

- (a) any adviser and underwriter;
- (b) an agent employed by the *Reporting Entity* to release the information;
- (c) persons with whom the *Reporting Entity* is negotiating with a view to effecting a transaction or raising finance, including prospective underwriters, providers of finance or loans or the placement of the balance of a rights issue not taken up by shareholders;
- (d) *AIX*, *AFSA* or another *Financial Services Regulator* where such disclosure is necessary or desirable for the regulator to perform its functions;
- (e) a *Person* to whom the *Reporting Entity* discloses information in accordance with a lawful requirement;
- (f) a major shareholder of the *Reporting Entity*; or

- (g) any other *Person* to whom it is necessary to disclose the information in the ordinary course of business of the *Reporting Entity*.
- MDR 2.3.3 (R) For the purposes of *Rule MDR 2.3.1(c)*, the *Reporting Entity* must, before making disclosure to a *Person*, provide to that *Person* a written notice that:
- (a) the information is provided in confidence and must not be used or be allowed to be used for a purpose other than the purpose for which it is provided; and
  - (b) the recipient must take reasonable steps to ensure that the recipient or any *Person* having access to the information through the recipient does not deal in the relevant *Securities*, or any other related *Investment*, or disclose such information without legitimate reason, prior to market disclosure of that information by the *Reporting Entity*.
- MDR 2.3.4 (R) Where a *Reporting Entity* makes selective disclosure of *Inside Information* pursuant to *Rule MDR 2.3.1*, it must ensure that a full announcement is made to the market as soon as possible, and in any event, when it becomes aware or has reasonable grounds to suspect that such information has or may have come to the knowledge of any *Person* or *Persons* other than those to whom the selective disclosure was made.
- MDR 2.3.5 (G) (1) It is likely that *Inside Information* will be made known to certain *Employees* of the *Reporting Entity*. A *Reporting Entity* should put in place procedures to ensure that *Employees* do not disclose such information, whether or not inadvertently, and that *Employees* are adequately trained in the identification and handling of *Inside Information*. A *Reporting Entity* should, in compliance with *Rule MDR 2.5*, also establish and maintain an insider list.
- (2) *Rule MDR 2.3* does not excuse a *Reporting Entity* from its overriding obligation to disclose *Inside Information* as soon as possible pursuant to *Rule MDR 2.1*. A *Reporting Entity* which proposes to delay public disclosure of *Inside Information* should refer to *Rule MDR 2.2*, which sets out the limited circumstance in which delaying disclosure is permitted.

### **Control of Inside Information**

- MDR 2.4 (R) A *Reporting Entity* must establish effective arrangements to deny access to *Inside Information* to *Persons* other than those who require it for the exercise of their functions within the *Reporting Entity*.
- MDR 2.5 (R) A *Reporting Entity* must establish and maintain adequate systems and controls to enable it to identify at all times any *Person* working for it under a contract of employment or otherwise, who has or may reasonably be likely to have access to *Inside Information* relating to the *Reporting Entity*, whether on a regular or occasional basis, and must maintain a list of all such *Persons* as will comply with *Rule 6.2* of *AIFC MAR Rules*.
- MDR 2.6 (R) A *Reporting Entity* must take the necessary measures to ensure that its *Directors* and *Employees* who have or may have access to *Inside Information* acknowledge the legal and regulatory duties entailed, including dealing restrictions in relation to the *Reporting Entity's Securities* or any related *Investments*, and are aware of the sanctions attaching to the misuse or improper use or circulation of such information.
- MDR 2.7 (R) A *Reporting Entity* must nominate two individuals to be its main points of contact with *AIX* in relation to continuing disclosure and other obligations under this chapter and notify *AIX* if the main points of contacts are changed.

(G) Framework for handling *Inside Information*

- (1) The responsibility for ensuring that a *Reporting Entity* has an adequate overall policy on the handling of *Inside Information* lies with the board of *Directors* of the *Reporting Entity*. Whilst responsibility for compliance with the continuing obligations set out in the *Rules* lies with the *Reporting Entity*, *Directors* should be aware that they may be held personally liable for breaching these *Rules*.
- (2) *Reporting Entities* should have a consistent procedure for assessing whether information is *Inside Information* and should clearly identify those within the *Reporting Entity* who are responsible for the communication of this information to the market.
- (3) *Reporting Entities* should put in place arrangements for maintaining the confidentiality of *Inside Information* before announcement. These should include adequate training for *Employees* in the handling, distribution and announcement of *Inside Information* as appropriate. *Reporting Entities* should, for example, guard against the risk of *Inside Information* being leaked to the market through selective disclosure of internal briefings or via trade journals. Where the *Reporting Entity* considers that this may have occurred, an announcement should be made immediately.
- (4) Inadvertent disclosure

In situations where the *Reporting Entity* will be open to questioning that may be designed to elicit or may have the effect of eliciting *Inside Information* (such as during shareholders' meetings or dealing with analysts or journalists), the *Reporting Entity* should plan in advance how it will respond to such questions.

- MDR 2.8 (R) Where another *Person* acting on behalf or on the account of the *Reporting Entity* assumes the task of drawing up and updating the insider list, the *Reporting Entity* remains fully responsible for complying with these *Rules* MDR 2.4 to 2.7.

## MDR 3 Disclosure of Interests by *Connected Persons*

- (4) For the purposes of (3), *Equity Securities* are not deemed as his/her *Equity Securities* where:

  - (b) the *Person* does not have control over the voting rights attaching to the *Equity Securities* because some other *Person* exercises those rights or manages those *Equity Securities* on a discretionary basis.
- (5) A *Person* is not a *Connected Person* of a *Reporting Entity* merely by reason that:
  - (a) its *Structured Products* are admitted to trading on an *Authorised Market Institution*; or

## MDR 3.5 (R) Market disclosure
